

SPACE PROVISION

WE INSPIRE **EXPERIENCES**

Distinctive spaces. Special events.

Space provision brochure

SPACE PROVISION

All interior spaces in the maat and Central Tejo are subject to confirmation of availability, considering the Fundação EDP's exhibition programme. It is usually not possible for events to take place in areas/locations where exhibitions are on display.

THE FUNDAÇÃO EDP

Created by EDP - Energias de Portugal in December 2004 with the status of public utility, the Fundação EDP is a private non-profit institution whose mission is to contribute to improving people's quality of life, through social, cultural and scientific initiatives.

Distinctive spaces. Special events.

THE CAMPUS AND THE SPACES

A new cultural and landscape impetus.

Fundação EDP is located on the waterfront, in the historic district of Belém. Here, a new cosmopolitan building - the maat - Museu de Arte, Arquitectura e Tecnologia, inaugurated in October 2016, and the centenary Fundação Tejo co-exist in harmony. Emblematic exhibition spaces, united by a garden designed by landscape architect Vladimir Djurovic, offer an excellent outdoor space, with free circulation in this riverside area of the city of Lisbon.

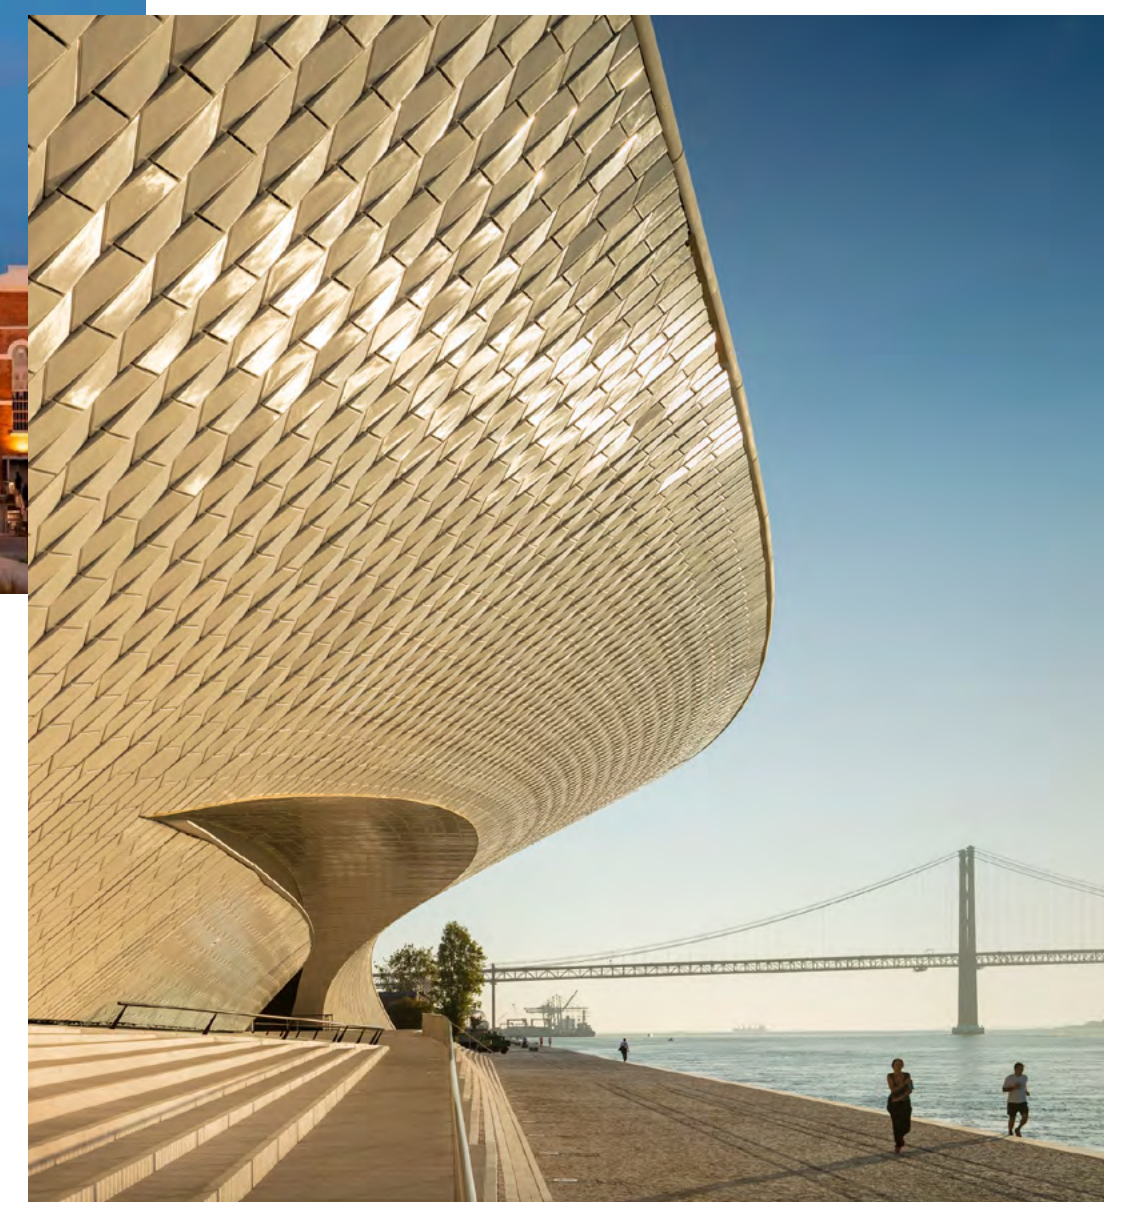

WE INSPIRE EXPERIENCES

Distinctive spaces. Special events.

The interior and exterior spaces allow for several different options, ensuring that your events **are unique.**

Take advantage of the originality and dimension of each one. Choose between an imposing example of industrial architecture and a contemporary style building, and make the experience of your event memorable and unforgettable.

Brands & Businesses

Original Moments Unmatched Memories

From brand activation, service or business, conferences, to corporate breakfasts, we offer spaces with settings which, by their aesthetics and respective location, will certainly enhance the experience of your event.

Brands & Businesses

Get to know all the possibilities and discover the potential of our venues to make your event a reality.

There is a space waiting for you

Activations & Leisure

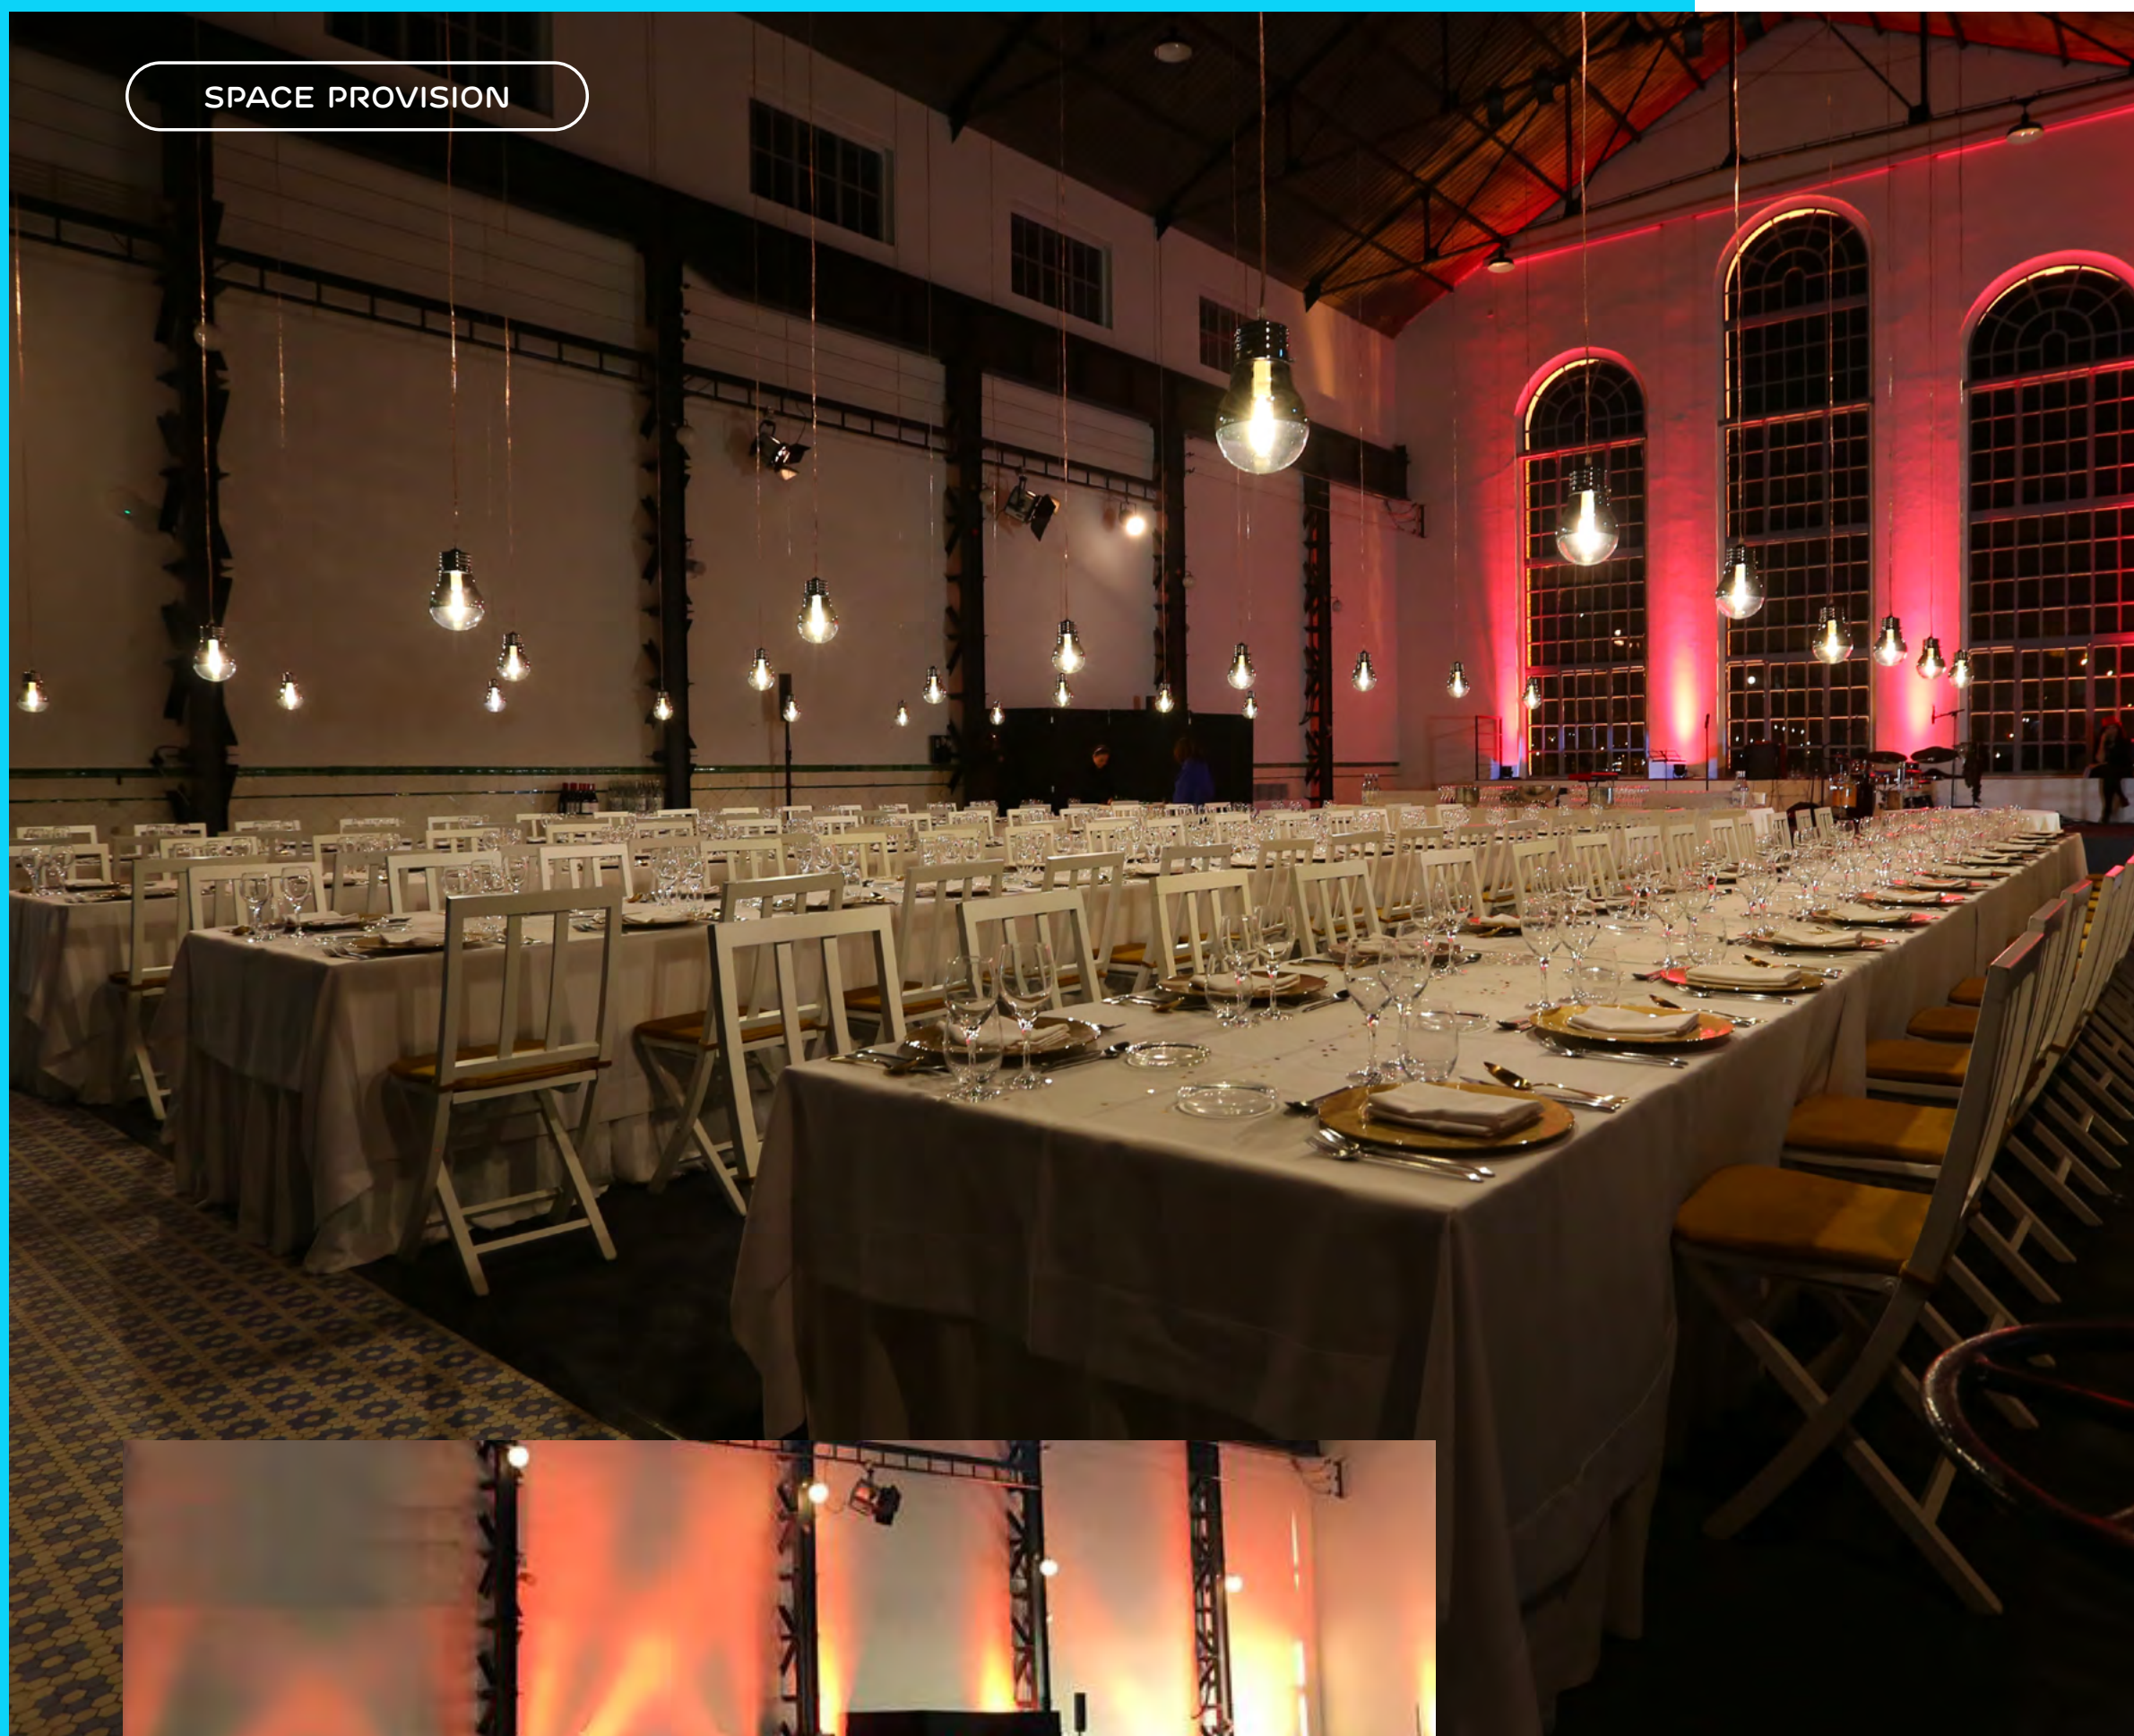

Mesmerising experiences **Lively events**

Among markets, concerts*, local, outdoor or indoor events, there are several options to create events in a new and very inviting atmosphere, such as service or product launches.

* Given the centenary structure of Central Tejo, concerts taking place are limited to 80 dB.

INDOOR

CENTRAL TEJO

Sala dos Condensadores

The condensers are the key players in this space. They are groups of turbo-alternators, which in turn are composed by thousands of tubes which circulate cooling water pumped from the Tagus River.

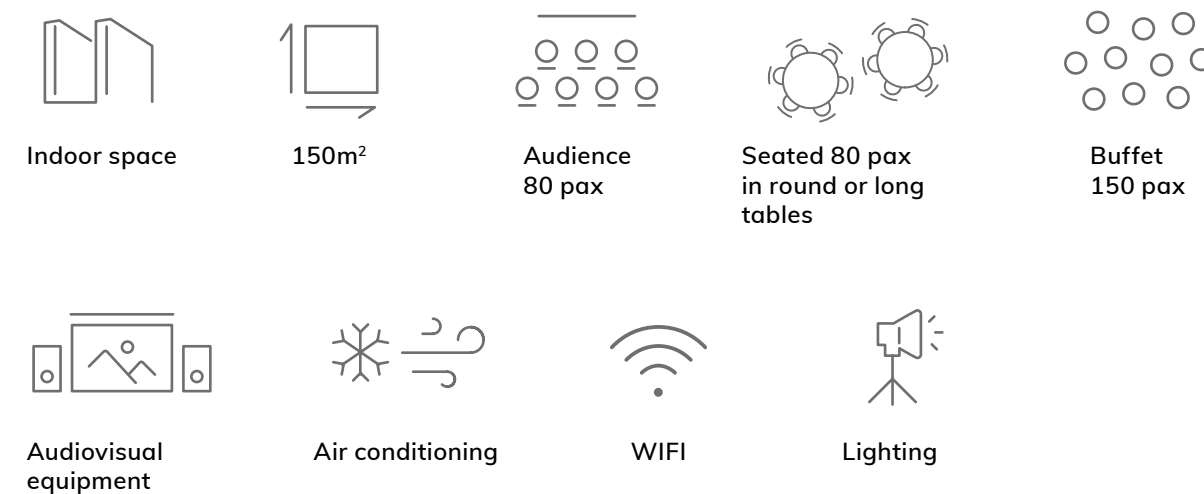

Located on the ground floor of Central Tejo, it is a room with natural light, audiovisual equipment and furniture, being often used as a complementary space to Sala dos Geradores.

It has a 5m high ceiling, 150m² of area and capacity for 80 people in the audience and seated option, or 150 people in the buffet option: 80 people in round tables/seated dinners.

An unparalleled setting

MAIN CHARACTERISTICS

SPACE PROVISION

INDOOR

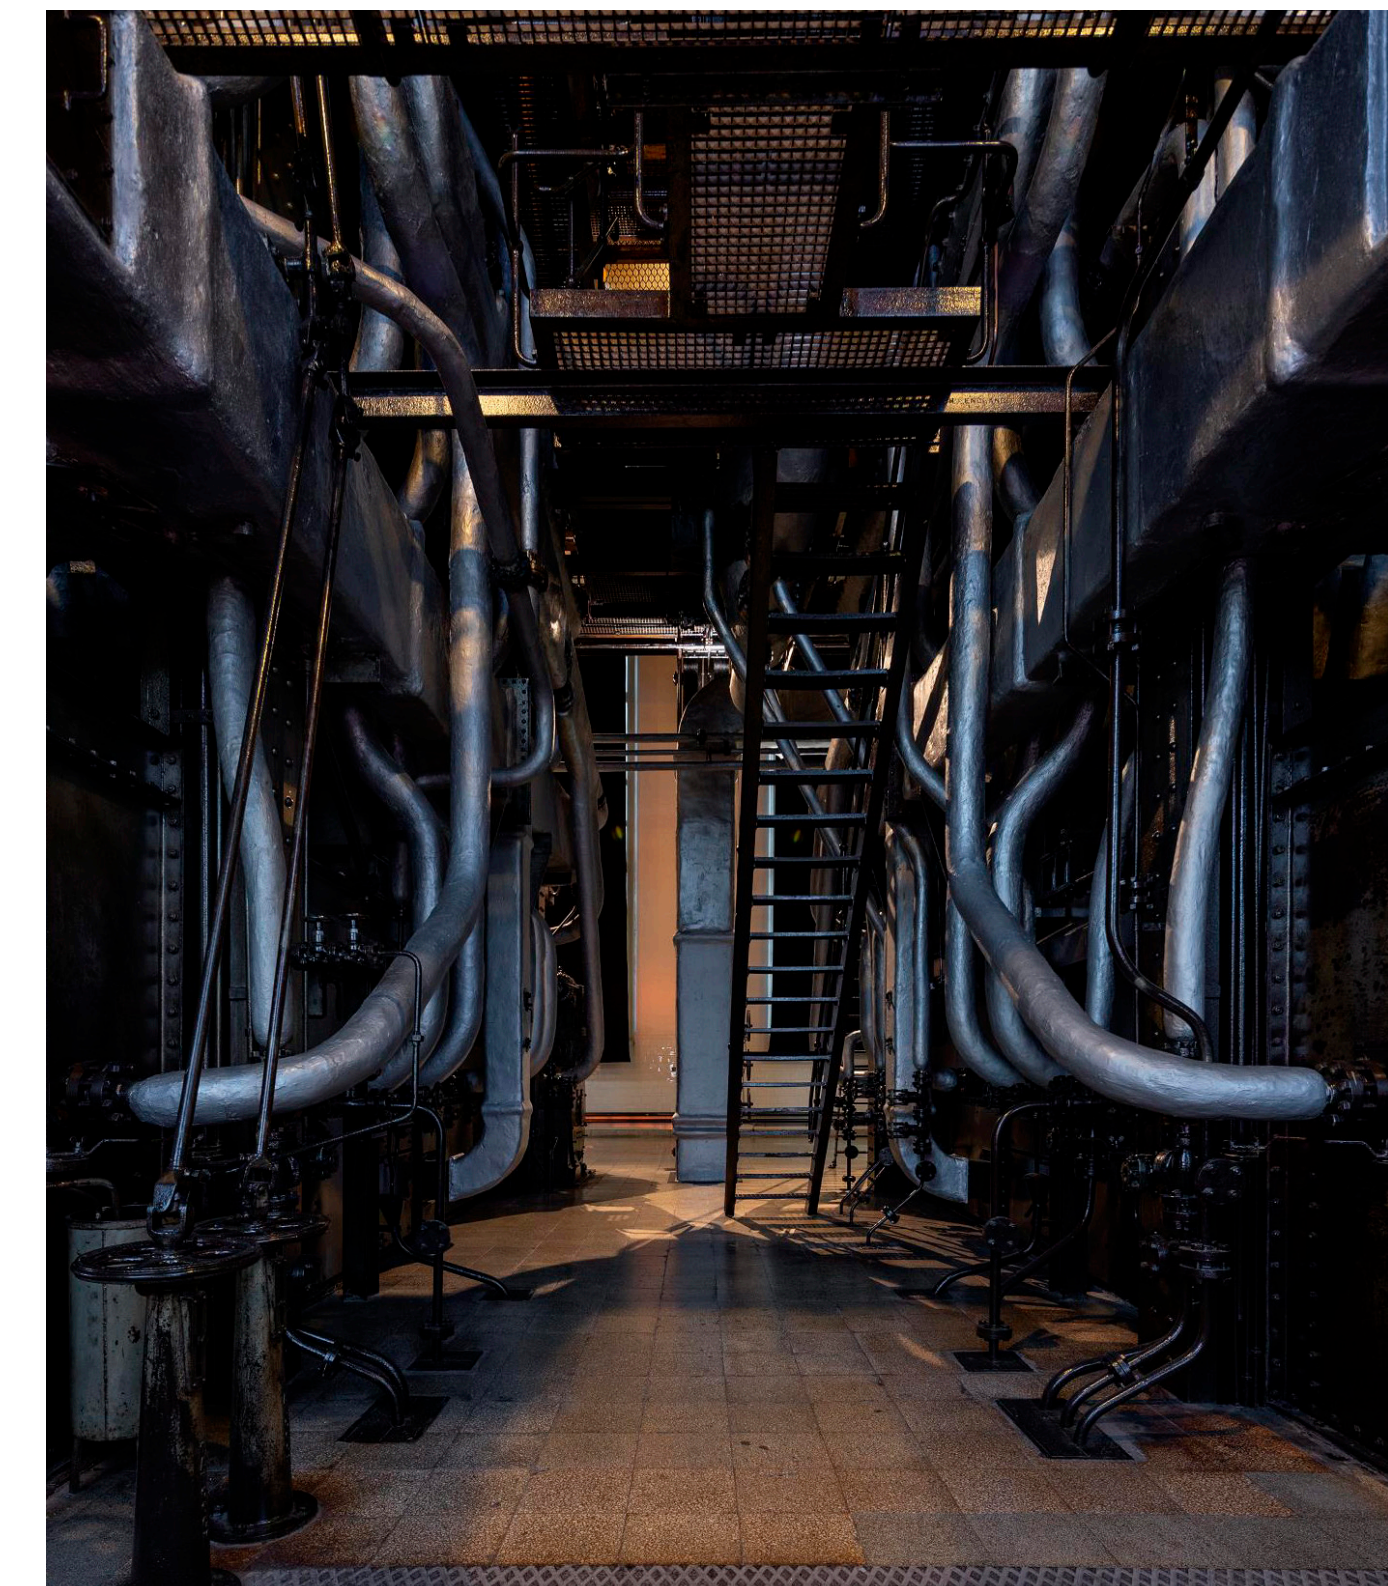

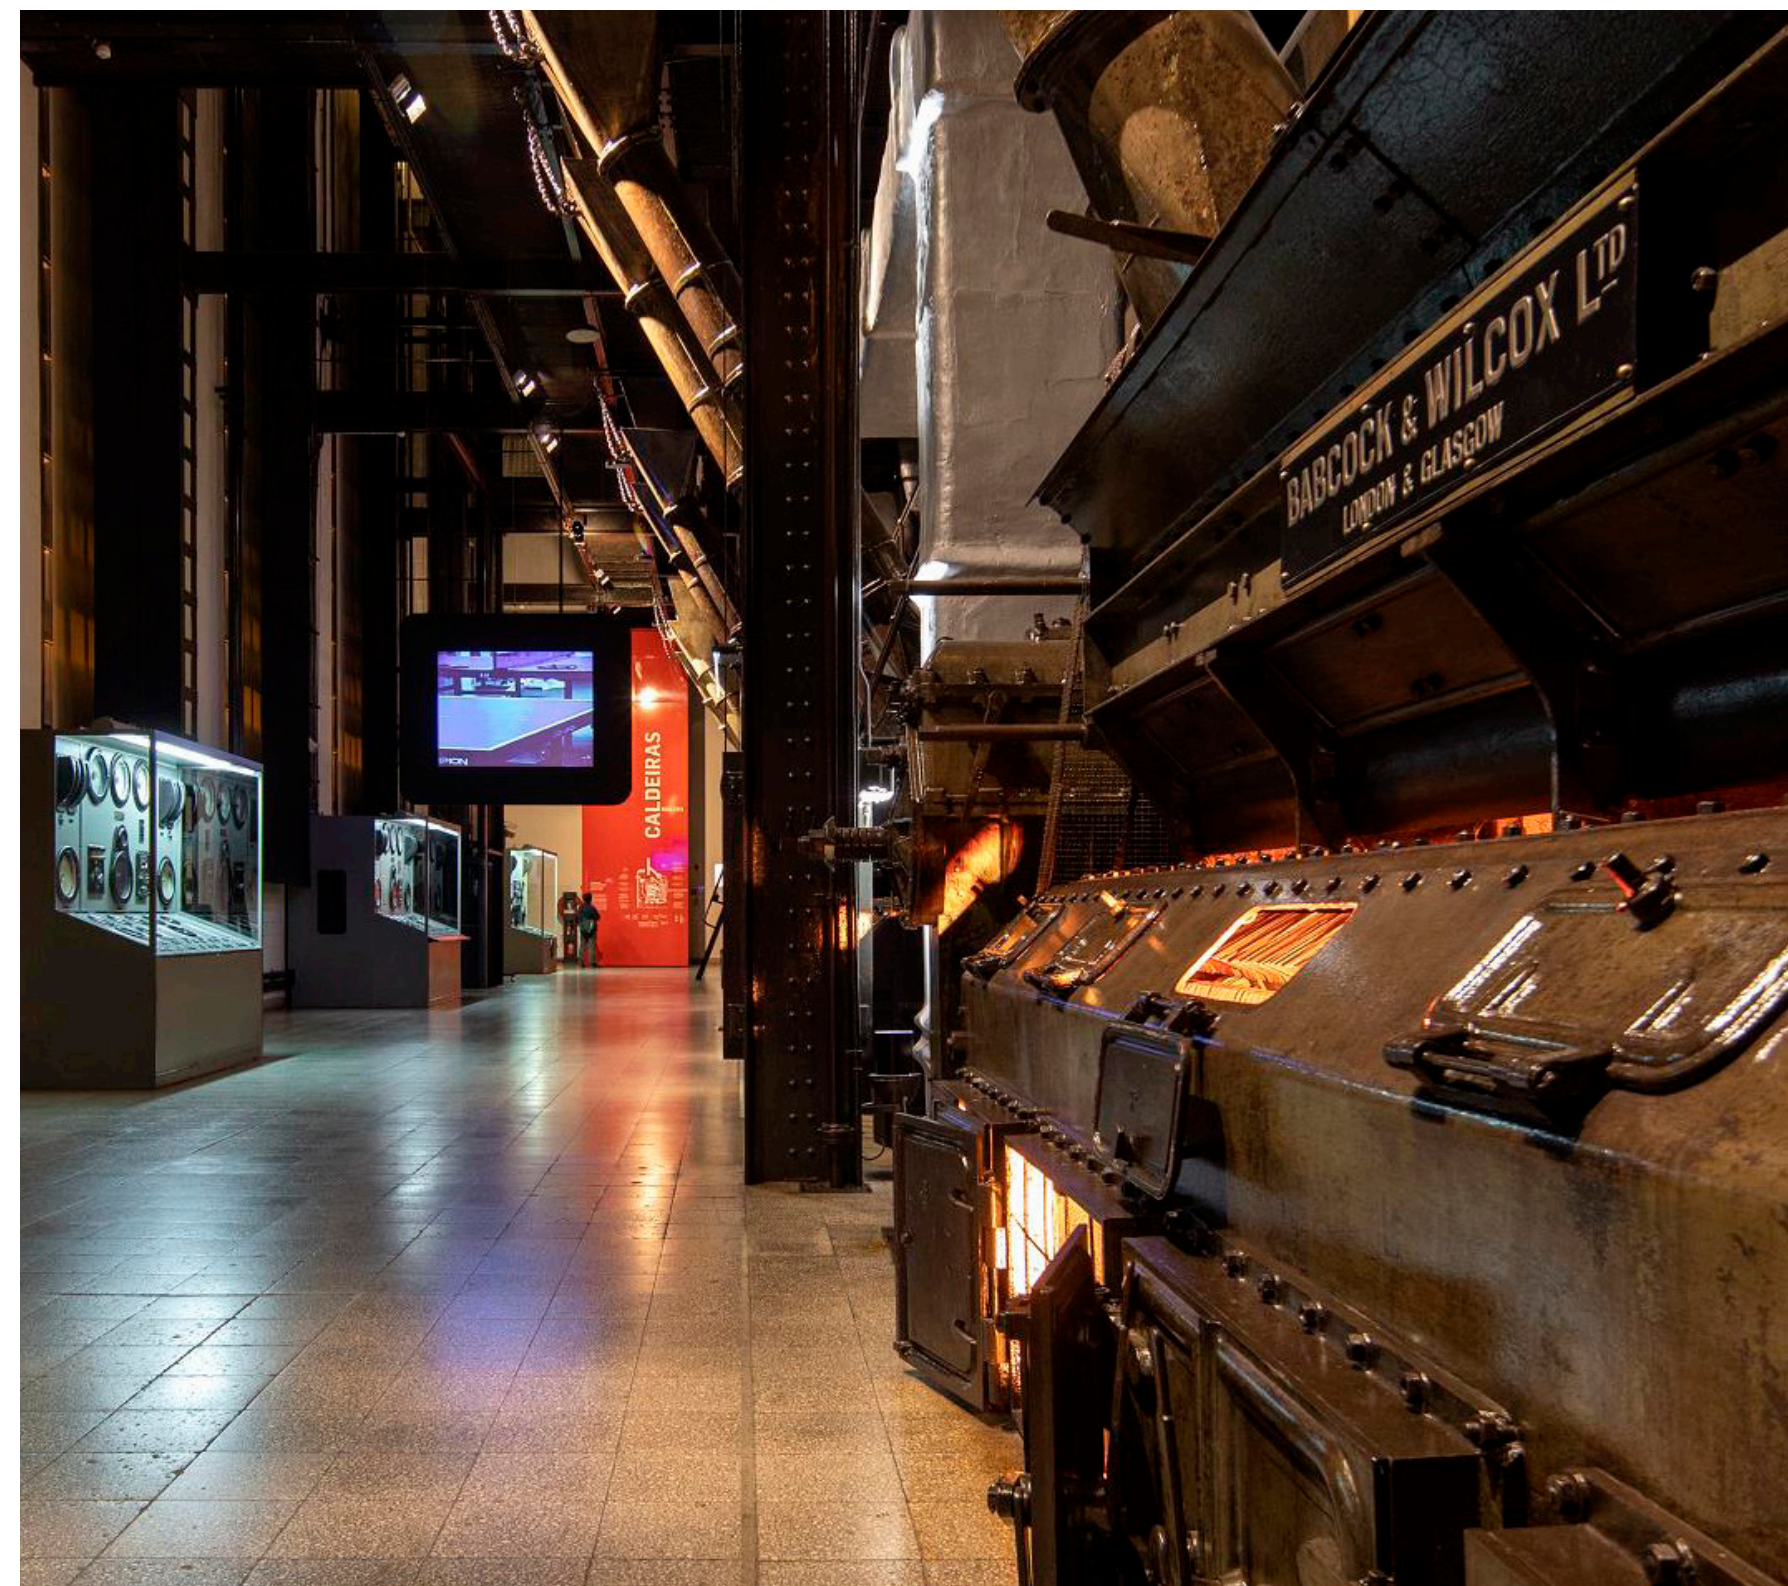

CENTRAL TEJO

Sala das Caldeiras

As the name suggests, the four 30m high boilers make this room a very original experience.

Enabling people to go inside boiler nr. 15 to discover its structure and components makes this space a journey into innovation and engineering.

Preferably used for cocktails, it has the capacity for 100 people in the buffet option, it has audiovisual and furniture, blackout or natural light, a 16m high ceiling and a usable area of 350m².

your event*

SPACE PROVISION

EXTERIOR

Praça do Carvão

Offers 1,500m2 of area where all its elements can be used to provide and highlight a perfect harmony. Its history goes back to being the place where tons of coal were unloaded to feed the boilers, which in turn lit up the city of Lisbon.

Today, it is a wide and emblematic square open to the river, where the building façades can be used as video projection screens. Its central space offers various possibilities for stages and stage sets, depending on your event requirements.

MAIN CHARACTERISTICS

- Outdoor space
- 1 500m²
- Buffet 450 pax
- Lighting/electric plugs and water points provided
- WIFI
- Lighting
- River view

A space that invites the creation of new stories

EXTERIOR

Jardins

The gardens are the campus area that serves as a perfect example of the balance between the historical and the contemporary. In addition to their public utility, they portray the combination of architecture with nature and landscaping, which includes 240 trees and 3,100m² of meadow.

Ideal for larger and group events, outdoor markets, or outdoor physical exercise events, featuring the Tagus river as the perfect setting.

MAIN CHARACTERISTICS

-  Outdoor space
-  Buffet 2 000 pax
-  Lighting/electric plugs and water points provided
-  River view

The perfect setting to awaken the senses

MAAT

Designed by Amanda Levete Architects, maat is a museum that connects areas of debate, discovery, critical thinking and dialogue.

Contemporary Original Fluid

A symbol of Lisbon's contemporaneity, it features several interesting spaces, such as the terrace, the staircases or the modern rooms inside, either of a corporate, social or creative industries productions nature.

SPACE PROVISION

INDOOR

MAAT

Sala Oval

Space of greater visual impact and size. It occupies MAAT's central area along 1 000m² and provides the first contact with the interior. With general lighting and a total area of 760m², it has the option of seating 540 people in the audience or 260 people in the buffet option.

SPACE PROVISION

INDOOR

MAAT

Main Gallery

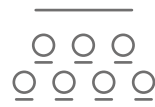

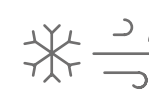

Its atmosphere filled with natural light, the particular feature of different shades of colour being reflected on the façade's 3D tiles depending on the time of day, and the ceiling having an exterior connection via skylights contribute to make this interior space an incredible experience.

It is a 1 000m² room with general lighting and air-conditioning, and capacity for 450 people in the audience or 350 in the buffet option.

SPACE PROVISION

EXTERIOR

MAAT

Rooftop

The outstanding outdoor space of the historical part of Belém. Apart from making the pedestrian connection with the riverside area, it allows a singular and unexpected perspective of the Tagus River, inviting you to enjoy the entire surroundings of this city area. Ultimately, it has the capacity for an event of 500 people in the buffet option, in an area of 2,000 m².

MAIN CHARACTERISTICS

-  Outdoor space
-  2 000m²
-  Buffet 500 pax
-  River view
-  Lighting/electric plugs and water points provided

Organise an event as never seen before

EXTERIOR

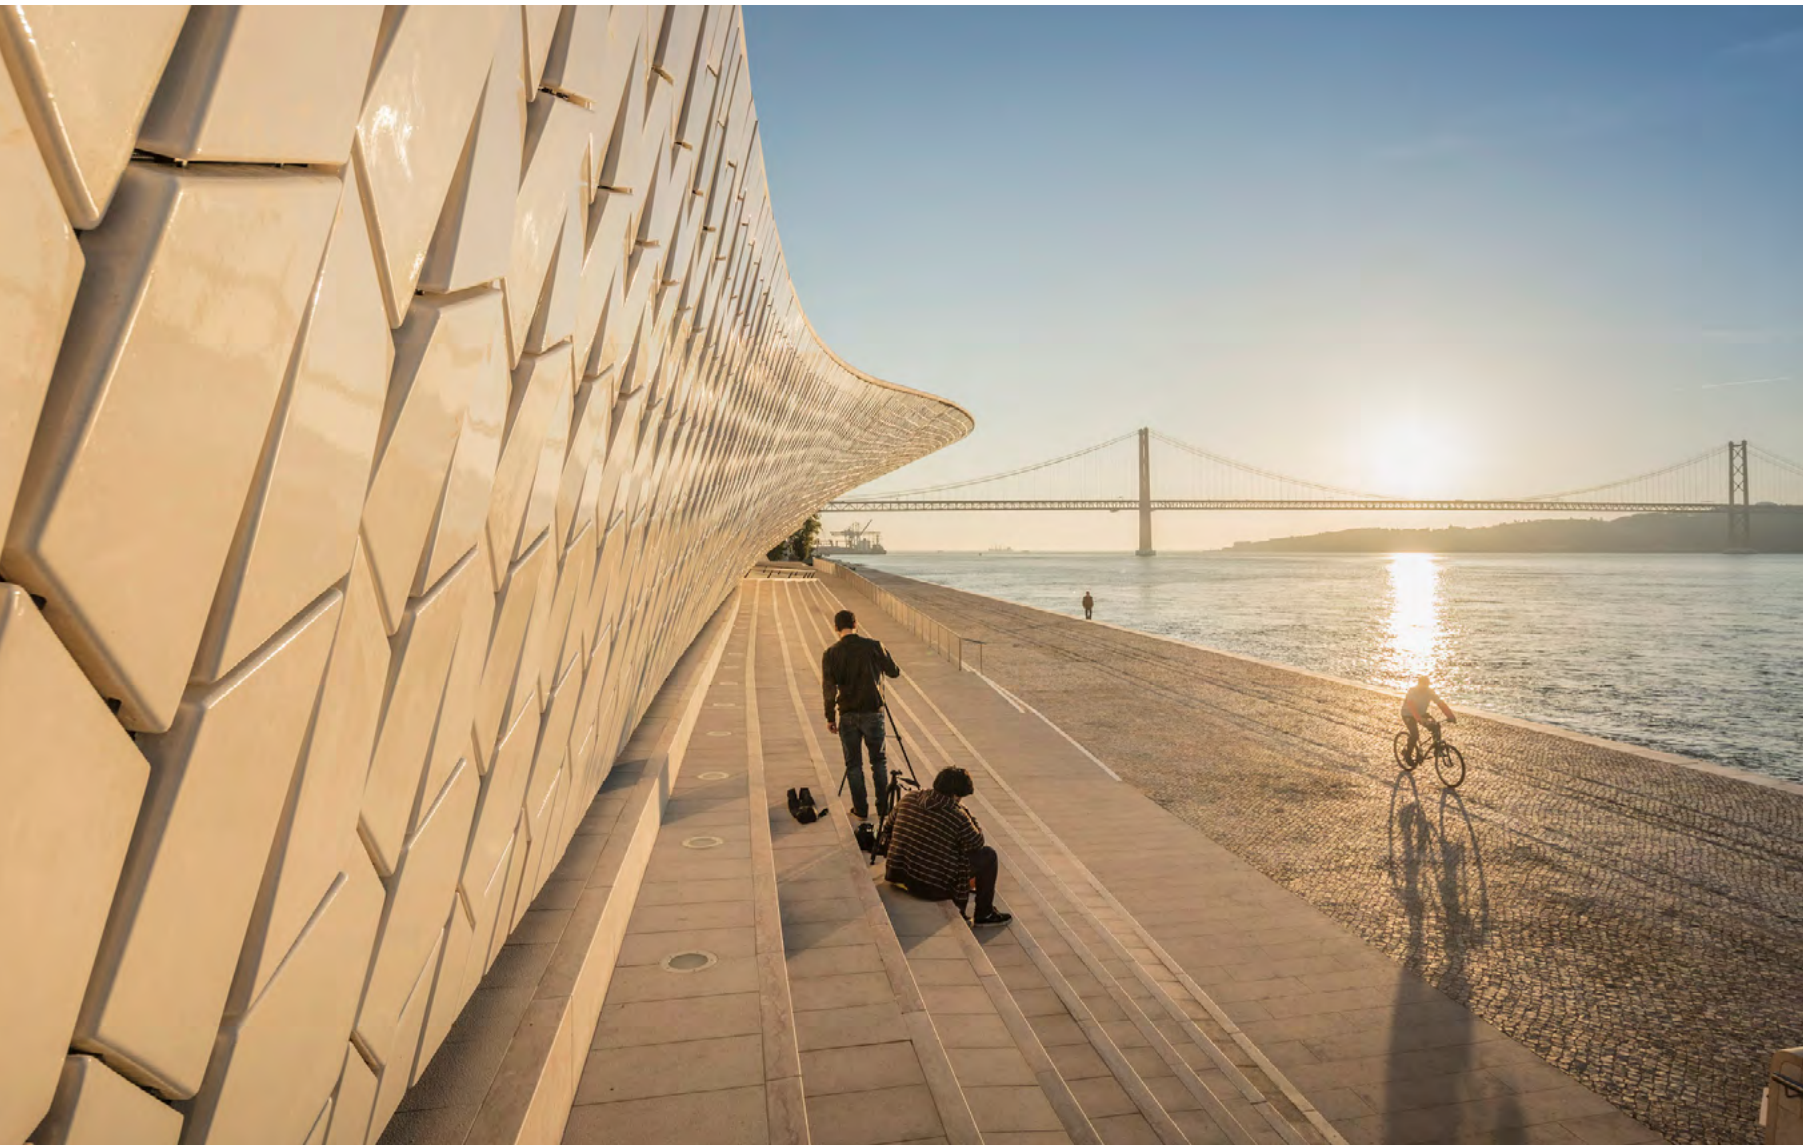

MAAT

Backdrop

Maat's main entrance and its front façade facing the Tagus River is nowadays one of the most identifiable and symbolic images of Lisbon. A space that works perfectly as a backdrop for advertising or promotional purposes for services or products.

MAIN CHARACTERISTICS

-  Outdoor space
-  River view
-  Lighting/electric plugs and water points provided

The impact of a setting with huge potential

COMPLEMENTARY SERVICES AND PARTNERSHIPS

The Campus and the Fundação EDP venue spaces enable the creation of tailor-made events according to your needs.

E-mail for contact:

fundacaoedp.espacos@edp.com

Services

Guided tours

Events at the museum can be complemented with guided tours around the Central Elétrica circuit, where you can learn about the history of the old factory that operated at Central Tejo and the evolution from electricity to renewable energies. It is also possible to take guided tours in the contemporary art exhibitions on display. This is guaranteed to be a unique and special experience.

Shop

The maat shop has partnerships with national and international designers, adding a possibility to acquire products related to the organisation of events (i.e. gift bags). An opportunity to personalise your next venue.

Services and Partnerships

Maat Café & Kitchen

Fundação EDP campus has a restaurant and café, ideal for a coffee break or smaller light meal, in a privileged location facing the Tagus river. These are concessionary spaces that can be contacted through fundacaoedp.espacos@edp.com

Piano Bar

With solutions adaptable to various events, the piano bar provides a relaxed or gala atmosphere, if you prefer, conducive to socializing and even dancing. It includes bar service with original cocktails served by professional bartenders and music to the rhythm of Jazz and Bossa Nova, Swing or Pop. An idea that can make the difference.

Partnerships

Refood

Fundação EDP is proud to collaborate with institutions of social responsibility in the fight against waste. In this perspective, we recommend and promote collaboration with Refood to all suppliers and catering companies.
